## Diploma Supplement No. FDEF526/2019

This Diploma Supplement model was developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international 'transparency' and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgments, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

### 1. Holder of the qualification

Family name	ATSAVE
First name	Stamatiki-Maria
Date of birth	10 September 1988
Place of birth	Sparti Laconia, Grèce

### 2. Qualification

Name of qualification and (if applicable) title conferred	Master in Economics and Finance
Main field(s) of study	Option Traditional Track
Name and status of awarding institution(s)	Université du Luxembourg
Languages of instruction/examination	English (EN), Français (FR)

### 3. Level of the qualification

Level of qualification	Level 7 (European Qualification Framework)
Official length of programme	120 ECTS
Access requirement(s)	Bachelor or equivalent

### 4. Contents and results gained

Mode of study	Full time
Programme requirements	Validation of 120 ECTS
Programme details	Please see : 7. Transcript of records and <a href="http://www.uni.lu">www.uni.lu</a>
Grading scheme	<p>All marks are on 20 points.</p> <p>Grades are awarded when all required ECTS of the course have been validated.</p> <p>The weighted numerical average is translated into degree classification as follows:</p> <p>« Excellent » : <math>18 \leq</math> weighted numerical average of all modules <math>\leq 20</math></p> <p>« Very Good » : <math>16 \leq</math> weighted numerical average of all modules <math>&lt; 18</math></p> <p>« Good » : <math>14 \leq</math> weighted numerical average of all modules <math>&lt; 16</math></p> <p>« Fair » : <math>12 \leq</math> weighted numerical average of all modules <math>&lt; 14</math></p> <p>« Pass » : <math>10 \leq</math> weighted numerical average of all modules <math>&lt; 12</math></p>

### 5. Function of the qualification

Access to further study	Qualifies to apply for Doctoral studies
-------------------------	---

Professional status (if applicable)

TOTAL	29	100%	

**9. Certification of the supplement**

Date 12 February 2019

Signature

Function Dean of the Faculty of Law, Economics and Finance

Official seal

**10. National Higher Education System**

The Luxembourg post-secondary university level sector consists of:

- A public university, maintained by the state
- Foreign universities operated by private organizations, some of them with state accreditation

The Luxembourg post-secondary non-university level sector consists of 2-year vocational training programmes as Higher Technician Certification in:

- Health (midwives, nurse, health technicians)
- Construction and building
- Information technology
- Trading (accounting, marketing, tax)
- Arts (pre-press design, comics, cinema, script)

The following text addresses exclusively the University of Luxembourg, founded by the law of 12 August 2003, which is the main actor of higher education in Luxembourg.

#### **Academic year, credit system and grading**

The academic year normally runs from mid-September to mid-July, and lasts for a maximum of 10 months. Courses are measured in teaching units, according to the European Credit Transfer system standard (ECTS). The full-time workload for one academic year is 60 ECTS.

According to the modalities for examinations outlined in the curricula, achievements may be evaluated upon the basis of oral, written examinations or project-related work or a combination of these. Grades for undergraduate and postgraduate examinations are awarded according to a scale from 20 (highest) to 0 (lowest), with 10 as the minimum pass grade.

#### **Admission, degrees and qualifications**

Admission to a Bachelor programme (180 ECTS) is granted to holders of a Luxembourgish secondary school leaving certificate or a diploma or certificate that is recognised as equivalent by the Luxembourg Ministry of Education. However, for most Bachelor programmes, there is an additional selection procedure, either via an entrance examination or on the basis of an application file submitted by the candidate.

Holders of a Bachelor degree (180 ECTS) or equivalent have access to the Master level. There is a specific selection procedure for all Master programmes (2-year duration). Admission decisions are taken by an admission committee, on the basis of an application file and in some cases an entrance examination and/or a personal interview. The selection criteria differ from one Master programme to another and are published at <http://www.uni.lu>.

The Doctoral degree is awarded after three years of study, following the completion of a Master's degree (120 ECTS). The faculties of the University of Luxembourg offer doctoral programmes.
